

Make Ten Go Fish

You Will Need:

- Four sets of **0-10 Make Ten Number Cards**
- A partner or small group of friends

How to Play:

- Give each player 5 cards.
- Put the rest of cards face down (numbers down) in the middle to make a draw pile.
- Look at your cards. If you can make ten with two cards, put them down in front of you. Then, take two more cards from the draw pile. **You should always have 5 cards in your hand.**
- Decide who goes first.
- On each turn, ask a player for a card that when added to a card in your hand makes 10. (For example, if you have a 2, you would ask for an 8.)
 - If you get the card that makes 10. Put the pair down, and draw a card. Your turn is over.
 - If you DO NOT get a card that makes 10, draw a card. Your turn is over.
 - If the card you draw makes 10 with a card in your hand, put the pair down and draw another card. Your turn is over.
- If you run out of cards in your hand, draw 2 from the deck.

THE GAME IS OVER WHEN THERE ARE NO MORE CARDS. THE PERSON WITH THE MOST 10 PAIRS WINS.

Say, "Good game, let's play again!"
